All bulls must be in good health and free from infectious or contagious diseases. Triple-Hil Sires ("THS") shall not be held liable for any disease, illness, or injury incurred by the bull while housed at the THS facility.

Insurance

THS does not provide insurance coverage for bulls or semen stored at its facilities. Owners are solely responsible for arranging and maintaining any insurance coverage they deem necessary, at their own cost and expense.

Conventional Semen and Shipping

Semen collected at the THS facility will be processed, packaged, and frozen at Hawkeye Breeders, Iowa. THS will arrange for semen to be shipped to the THS facility at no charge within two (2) weeks of the collection date for storage or pickup.

Outbound Shipments: A standard shipping and handling charge of \$150 will apply to all shipments originating from the THS facility. All shipping charges associated with shipments sent directly from Hawkeye Breeders to destinations other than THS shall be the sole responsibility of the bull's owner.

Sexed Semen and Shipping

Semen collected for sexed semen is processed, sorted, packaged, and frozen by Sexing Technologies ("ST"). All costs associated with storage and shipping from ST facilities are the responsibility of the bull's owner. Owners are advised that the success rate of collecting sexed semen is significantly lower than that of conventional semen due to the sorting process.

Semen Storage

A storage charge of \$.15/unit will be charged every six months for any amount being stored at our THS or at Hawkeye Breeders on June 30 and December 30. A minimum charge of \$20 per billing cycle will apply.
